Height: 260 mm (10.24")

Width: 260 mm (10.24")

Depth: 140 mm (5.51")

Description

Langfords was delighted to be commissioned by an illustrious yacht club to recreate a vintage sail boat of which there are no existing examples left. Referring to images, written descriptions and observations, the silversmith employed CAD design technology to create a 3-D image for the client to approve. Patterns to exact specifications were created and using specific tooling made and assembled the model.

Do get in touch to discuss your own ideas; we can make anything in silver.
