Silver stork model

Description

This is an example of a private commission. Please get in touch to discuss your own ideas; we can make anything in silver.

Among our most endearing commissions, this model of a stork carrying a newborn baby was commissioned to celebrate the birth of a couple's first grandchild.

Hand-modelled in wax and cast in sterling silver, this charming model beautifully represents the enduring myth of storks delivering babies. No-one knows the origin of this myth but we are proud nonetheless to represent it in this elegant fashion.
