Description

Smart, handmade silver cigar or cigarette box from the Art Deco era featuring a fine engine-turned silver body in a more unusual pattern. As an indication of superior quality, the smart chamfered corners and edges also add interest to the design and the box rests on four cast supports,

The interior of the lid is gilded and the box lid and base is fitted with the traditional cedarwood lining that would have kept the contents fresh. There's a central wood partition that can be adjusted or removed to suit the size of the cigars or cigarettes.
