Pair large George IV silver candlesticks

James Kirby, Waterhouse & Co

Sold

REF: 7403

Height: 340 mm (13.39")

Diameter: 170 mm (6.69")

Description

This pair of large antique silver candlesticks was made in the early 19th century and is a hugely impressive example from the Georgian era, featuring beautiful rococo decoration of flowers and oak leaves among swirling scrolls. The profuse decoration is particularly impressive, with high relief detail all in exceptionally good and crisp condition.

The removable nozzles are all hallmarked and, commensurate with their age, there are a few small dings around the substantial shaped, round bases.
