Weight: 877 g

Description

This unusual and fine pair of Victorian silver candlesticks was crafted with wide bases which make them ideal for use on board your yacht. They are beautifully proportioned and have fine hand-chased decoration with the original gold-plated finish. The decoration features scrolls and arabesques with an attractive combination of polished and textured backgrounds.

Retailed by Lambert in Coventry Street, London, this is a particularly fine and heavy quality pair of candlesticks, made without internal filling; so the weight shown of 877g is purely the weight of the silver.
