£1,495

REF: 8732

Height: 205 mm (8.07")

Diameter: 200 mm (7.87")

Weight: 670 g

Description

Fine example of a handmade silver pedestal bowl. The raised bowl is hand chased in high relief with roses, leaves, thorns and stems set against a faceted background. The circular base, with its raised centre surmounted by a hexagonal and shaped finial, is also hand hammered with facetting. The three supports are of cast and open-work construction.

Suitable as a fruit bowl, or for flowers, this piece makes a beautiful centrepiece.
