Antique French silver-plated bone holder

Maker Not Recorded

£175

REF: 2161

Width: 210 mm (8.27")

Description

A late-19th-century ham bone holder with dark wooden handle and silver-plated mounts. The claw grip and smooth screw mechanism enables the bone holder to be adjusted according to the size of bone to be held or released. It is nicely presented in its original red leather fitted case.
