Sold

REF: 8974

Height: 50 mm (1.97")

Width: 140 mm (5.51")

Depth: 100 mm (3.94")

Weight: 106 g

Description

Sterling silver apple corer and divider made by Asprey & Co in 1926. The piece is of circular segmented form, featuring off-set handles to give leverage when slicing the apples. It is an unusual piece that works beautifully, diving the apple into six segments. It works on pears too.
