Width: 310 mm (12.2")

Depth: 310 mm (12.2")

Description

The Taj silver-plated centrepiece or dish features a simple and smooth surface punched delicately to create an abstract shape. The highly reflective surface of the tray mirrors its surroundings and presents a beautiful trompe-l'oeil effect. This silver tray was inspired by kinetic art and designed and crafted in sterling silver by Gabriele De Vecchi fascinated by Modernism and Futurism.

The original Taj design was made in silver and is also available from Langfords.
