Description

The beautiful photo frame is made entirely in sterling silver with an attractive Art Nouveau design of naturalistic chasing with an openwork border. The photograph sits between two sheets of glass with the front being bevelled, and the back has a nicely shaped silver strut.

This frame is to be used for portrait format pictures, measuring 5½" x 3¾"

Art Nouveau was an ornamental style of art that flourished between about 1890 and 1910 throughout Europe and the United States. The distinguishing ornamental characteristics are its long undulating asymmetrical line, often taking the form of flower stalks and buds, vine tendrils, insect wings, and other delicate and sinuous natural objects.
