Frazer & Haws

Sold

REF: 8204

Height: 80 mm (3.15")

Diameter: 70 mm (2.76")

Weight: 300 g

Description

Four-piece silver child's set in the Old English pattern and fitted in its original presentation case. Made during the latter part of the Victorian era, this classic antique child's set - which comprises a silver child's cup, knife, fork and spoon - is of a particularly heavy gauge of silver and the interior of the cup is nicely gilded.

The simplicity of this child's set lends itself to being engraved.

Dimensions given are for the silver mug.
