Robert Hennell III

Sold

REF: 7343

Height: 85 mm (3.35")

Diameter: 68 mm (2.68")

Weight: 179 g

Description

This body of this traditional antique silver child's cup is beautifully hand engraved around the body, featuring very finely and deeply cut interlocking scrolls and foliage within beaded panels. The scroll handle is of cast construction, with a nicely defined acanthus leaf thumbpiece.

This heavy gauge Victorian silver cup is of a superior quality in all respects with the original gilded interior and a plain central shield that would be suitable for engraving. A beautiful gift for a child.
