Height: 280 mm (11.02")

Width: 380 mm (14.96")

Weight: 5330 g

Description

An impressive, lifesize and finely cast silver mallard drake in a standing pose. He can be partnered with a cast silver mallard duck in a sitting pose.

Mallard ducks are the most common and recognisable wild ducks in the Northern Hemisphere and Langfords' heavy quality models are cast in sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each model is then individually hand chased to produce the lifelike effect seen in the finished piece.

For a truly personal model, we can work from photographs to capture the true likeness of your own pet or favourite animal cast in sterling silver. Contact us for more details.

This lifesize silver drake is not available to purchase online. Please get in touch if you would like more information or are interested to buy it.
