Silver running retriever

Sold

REF: 5360

Height: 100 mm (3.94")

Width: 165 mm (6.5")

Weight: 368 g

Description

One of our most popular silver models is this fine silver retriever.

Langfords' heavy quality models are cast in sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each of our models is then individually hand chased to produce the lifelike effect seen in the finished piece.
