Description

First quality standard, antique, French silver travelling coffee percolator with a dark hardwood side handle, in full working order. The two halves of the percolator come apart to reveal the constituent parts that hold the coffee and water, and the strainer. This is a rare item and in works perfectly.

MAKING YOUR COFFEE

1. Fill the half without the spout with freshly boiled water.
2. Put the strainer section in with the handle up and fill that section with ground coffee.
3. Put the strainer cap over the coffee and twist so it is locked under the lip of the small vent.
4. Put the other half on top, aligning the screw fittings and screw on the handle
5. Turn upside down and allow to percolate.
6. Pour and enjoy
