Description

Made at the end of the 19th century, this is a classic and entirely plain silver cigarette box with rounded edges, a sleek wavy thumb grip, plus a gilded interior to the unlined lid; all signs of superior quality. In order to keep the cigarettes or cigars fresh, this silver box is lined with cedarwood in the traditional manner and has a movable partition.

The simplicity of this antique silver box lends itself to personalisation with engraving. And of course, this box is not just confined to storing cigarettes; it is perfect for repurposing as a jewellery or desk box. Contact us for details.
