Pair round Edwardian silver candlesticks

Goldsmiths & Silversmiths Co

Sold

REF: 7328

Height: 230 mm (9.06")

Diameter: 102 mm (4.02")

Description

An attractive pair of round-based silver candlesticks with tapering fluted stems and ribbon-tied reeded borders, based on neo-classical designs from the late 18th century. The detachable nozzles (to aid cleaning) are fully hallmarked. The bases are part silvered underneath, an indication of a well-finished high quality pair of sticks.
