Description

One maker set of antique sterling silver Queen's pattern made by George Adams of London. The set is double-struck, signifying that the design is struck on the front and back of each piece, necessitating a heavier gauge of silver and therefore a sign of quality. All pieces are in lovely crisp condition.

Queen's pattern silver cutlery is one of the most popular of the elaborate antique silver cutlery patterns and has been made continuously since the early 19th century. The lavish decoration requires a thick gauge of silver which ensures a heavier weight than plain cutlery patterns.

This service comprises:

- 12 tablespoons
- 12 dessert spoons
- 12 teaspoons
