Description

Antique Georgian sterling silver basting spoon (also known as a stuffing spoon or large serving spoon) in the Old English pattern. This piece is engraved with a monogram of entwined initial EG.

Originating in the 1750s, Old English pattern with its simple clean lines, showing a single thumbnail to the reverse of the bowl and the pip on the front of the forks and the back of the spoons, is the definitive British flatware pattern and remains the most popular pattern through to the present day.
