Description

A silver Arts & Crafts style silver bowl of oval form, and decorated a cast and applied flowerhead on either side, and is hand hammered creating a multifaceted effect around the entire bowl. Suitable for serving nuts or sweets, or even a small posy of flowers.

The Arts & Crafts movement emerged from a disenchantment with the impersonal, mechanised direction of society in the 19th century, and sought to return to a simpler, more fulfilling way of living. The movement was admired for its use of high quality materials and for its emphasis on utility in design.
