Description

Highly stylised handmade silver mirror with its original wood back and easel in the Art Deco style. The design personifies the era with its geometric forms and engine-turned engraved patterns; the engine-turned engraving that is in exceptional and perfect order.

Art Deco was a popular design style in the 1920s and 1930s characterised especially by sleek geometric or stylised forms. It represented luxury, glamour, exuberance, and faith in social and technological progress. For that reason silver cocktail and barware were popular categories of goods to reflect the style of the time.
