Description

Cast and hand finished, a set of six sterling silver fox head place place card holders. Each fox head is cast and hand chased in fine detail in an exclusive model made by us and available in any quantity required.

As a fine and traditional addition to fine dining, it was the Victorians who first introduced menu holders to our dining tables. Silver menu holders and place card holders were first created to hold a card displaying the menu and, rather than putting a place card holder and name in front of each diner as we often do today, silver menu holders were spread and passed around the dining table.

We offer a bespoke service to make place card holders to your specification and design, or you can provide us with the theme and we will create a design for you.
