Description

With a capacity of 300 ml, this stylish Art Deco silver cocktail shaker is perfect for making cocktails for two! The shaker has the classic three pieces, the body to shake the cocktail, the strainer and finally the cover. The design typifies the era, with stepped concentric circles around body, base and cover.

Art Deco was the popular design style spreading across Europe in the 1920s and 1930s and characterised especially by sleek geometric or stylised forms. It represented luxury, glamour, exuberance, and faith in social and technological progress. For that reason silver cocktail and barware were popular categories of goods to reflect the style of the time.
