Antique & Contemporary Silver

Kings Husk pattern silver meat skewer

William Eaton

Sold

REF: 5281

Description

Particularly good, heavy gauge George IV silver meat skewer. This 19th century silver skewer is double struck in the King's Husk pattern, meaning that the pattern features on both sides of the skewer, and it is engraved with a family crest for the Cooper family of Gloucestershire.

It would also make an excellent letter opener!
