Large silver mallard duck

£1,915

REF: 6956

Height: 75 mm (2.95")

Width: 165 mm (6.5")

Weight: 416 g

Description

This is a nicely detailed sterling silver model of a dabbling mallard duck. Whether living in an urban environment or in the country, we have a fondness for the mallard, or wild duck. This large silver mallard duck is carefully cast in a pose where she is serenely floating on the water. Her silver mallard drake mate is available separately.

Langfords' heavy quality models are cast in sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each model is then individually hand chased to produce the lifelike effect seen in the finished piece.

For a truly personal model, we can work from photographs to capture the true likeness of your own pet or favourite animal cast in sterling silver. Contact us for more details.
