Height: 230 mm (9.06")

Width: 355 mm (13.98")

Weight: 4330 g

Description

An impressive, lifesize and finely cast silver mallard duck, poised as if on her nest. She can be partnered with a similarly striking silver model drake.

Mallard ducks are the most common and recognisable wild ducks in the Northern Hemisphere and Langfords' heavy-quality models are cast in sterling silver using the traditional, centuries-old technique of lost wax casting where molten silver is poured into a mould that has been created by means of a wax model. Once the silver has solidified, the wax model is melted and drained away. Each model is then individually hand-chased to produce the lifelike effect seen in the finished piece.

For a truly personal model, we can work from photographs to capture the true likeness of your own pet or favourite animal cast in sterling silver. Contact us for more details.

This lifesize silver duck is not available to purchase online. Please get in touch if you would like more information or are interested to buy it.
