Height: 70 mm (2.76")

Width: 90 mm (3.54")

Weight: 202 g

Description

The English cocker spaniel has strong hunting instincts and likes few things better than to go out in search of birds. Our silver model cocker spaniel features the characteristic long ears, a silky, wavy coat, docked tail and a soft expression. Langfords' heavy quality models are cast in sterling silver using the traditional centuries-old technique of 'lost wax' casting giving them assured detail. Each one is then individually hand chased to produce the lifelike effect seen in the finished piece.

This fine model is also available with an un-docked tail. Ask us for details.

We have almost 100 cast models of animals and birds to choose from, but for a truly personal model, we can work from photographs to capture the true likeness of your own pet or favourite animal cast in sterling silver. Contact us for more details.
