Description

These stunning place card holders or menu holders are made in sterling silver with a beautifully cast horse head. We use a very heavy gauge of silver so the pieces are of a substantial weight.

As a fine and traditional addition to fine dining, it was the Victorians who first introduced menu holders to our dining tables. Silver menu holders and place card holders were first created to hold a card displaying the menu and, rather than putting a place card holder and name in front of each diner as we often do today, silver menu holders were spread and passed around the dining table.
