Description

One-of-a-kind, mid-century silver tea set made by artist, designer and silversmith - George Albert Hicks.

The set comprises a hand-hammered teapot with ebonised wood handle and finial, a sugar bowl and milk jug, also with a carved ebonised handle.

All pieces are hand raised in heavy-gauge silver and with a capacity of two pints, the teapot can serve approximately seven to eight cups of tea. And most importantly, the teapot pours perfectly.
