Arts & Crafts style silver salver

Omar Ramsden

Sold

REF: 6432

Diameter: 295 mm (11.61")

Weight: 1281 g

Description

As an excellent example of the work of silversmith Omar Ramsden, this large silver salver features an applied crenelated border and has all the signs of his style and workmanship and sits on a simple collet base. The body is hand raised and hand hammered giving the surface its mottled finish, a design cue of the Arts & Crafts era. This silver salver is of a substantial weight for its size.
