Pair of plain George III oval silver salvers

John Wakelin & William Taylor

£2,500

REF: 8661

Width: 230 mm (9.06")

Depth: 177 mm (6.97")

Weight: 765 g

Description

Pair of late 18th century silver salvers of oval form, each mounted on four tapering cast silver supports and decorated with an applied moulded thread pattern border. Elegant simplicity personified and perfect to be incorporated into any table setting, whether traditional or modern.

We've chose to serve canapes and petit fours but but this pair of antique silver salvers would be perfect to hold decanters or a pair of glasses.
