Description

A smart and stylish Art Deco period silver salver with typical design cues of the era, stepped and graduated patterns on the cut corners personify the Art Deco influence. The salver is of a size that would make it ideal as a drinks tray or to hold decanters.

Art Deco was a popular design style in the 1920s and 1930s characterised especially by sleek geometric or stylised forms. It represented luxury, glamour, exuberance, and faith in social and technological progress. For that reason silver cocktail and barware were popular categories of goods to reflect the style of the time.
