Description

Magnificent and fine two-handled oblong antique silver tray with shaped leaf and scroll border and scroll handles. The surface of this tray is hand chased with beautifully detailed flower heads, leaves and scrolls against a mottled background, and surrounding a plain central cartouche. The decorative silver border of this excellent silver tray is hand raised and the whole tray is mounted on four exceptionally well detailed cast shell, leaf and scroll legs.

A four or five-piece silver tea set would sit very comfortably on this tray.

This large antique silver tea tray is not available to purchase online. Please get in touch if you would like more information or are interested to buy it.
