Description

This is the ideal shape from which to drink Champagne! The silver stays colder for longer and the Champagne will taste as good as can be when drunk from this shaped vessel. The polished interior ensures that it will hold the bubble for longer and the flared rim allows the bouquet to shine through.

Naturally we have filled this magnificent antique cooler with our Champagne of choice - Pol Roger; Sir Winston Churchill's favourite Champagne house.

This beaker can be supplied with personalised engraving; this shape and style also lends itself to be used for ceremonial purposes' such as a Kiddush cup, etc.
