REF: 4761

Height: 100 mm (3.94")

Diameter: 75 mm (2.95")

Description

Don't underestimate the aesthetic and material research that Italian industrial designer, Giulio Iacchetti, invested in this super stylish silver plated wine goblet with gilded interior. Along with complementary wine jug and water tumbler he has designed these pieces for De Vecchi for a contemporary and more informal table setting called Tancredi & Bartolomeo.
